

**REMARKS/ARGUMENTS**

Claims 2-7, 9-14, 16-21, 23-27, 41, and 42 are pending in the application. Claims 2-4, 6, 12-14, 16-21, 23-27, 41 and 42 stand allowed. Claims 5 and 10 stand rejected under the doctrine of obviousness-type double patenting as allegedly being unpatentable over U.S. Patent No. 7,062,224. Claims 6, 7, and 11 stand objected-to.

Applicant submits a terminal disclaimer over U.S. Patent No. 7,062,224 herewith, obviating the obviousness-type double patenting rejection. In view of this submission, Applicant believes that the current application is now in condition for allowance.

**CONCLUSION**

It is believed that all of the pending claims have been addressed in this paper. However, failure to address a specific rejection, issue, or comment, does not signify agreement with or concession of that rejection, issue or comment. In addition, because the arguments made above are not intended to be exhaustive, there may be reasons for patentability of any or all pending claims (or other claims) that have not been expressed. Finally, nothing in this paper should be construed as an intent to concede any issue with regard to any claim, except as specifically stated in this paper, and the amendment of any claim does not necessarily signify concession of unpatentability of the claim prior to its amendment.

In light of the amendments contained herein, Applicants submit that the application is in condition for allowance, for which early action is requested. Should any issues remain unresolved, the Examiner is encouraged to telephone the undersigned at the number provided below.

Please charge any fees or overpayments that may be due with this response to Deposit Account No. 17-0026. If a fee is required for an extension of time under 37 CFR 1.136 not accounted for above, such an extension is requested and the fee should also be charged to our Deposit Account.

Dated

March 29, 2010

Respectfully submitted,

By:

Linda G. Gunderson, Ph.D.

Attorney for Applicants
